InToneNation, Montgomery Blair's student-run a cappella group, has a web site which is housed on the Blair servers. In order for students to have their picture on this site, parental permission is necessary. Please read this consent form, initial the sections to indicate that you've read and agree with them, and print, sign and date this form. It should be returned to me at Montgomery Blair – student members may bring them to me in Room 5. No student's picture will be added to the website without this updated permission.

Thank you for whatever your decision is regarding posting your student's picture on the InToneNation website. Please note that this form applies only to the InToneNation site.
